

A MILLION FOR EXPENSES

RELIEF COMES HIGH IN SAN FRANCISCO

THE RELIEF COMMISSION OF SAN FRANCISCO CLAIMS THAT \$1,000,000 IS NEEDED ANNUALLY TO MEET THE EXPENSES OF THE RELIEF CAMPS AND HOSPITALS—FINANCE QUESTION ONE THAT STAGGERS ALL.

SAN FRANCISCO, June 30.—One million dollars a year is what the members of the relief commission and Dr. Ward of the Board of Health want for the running expenses of the camps, hospitals and warehouses. Forty-nine thousand dollars a month for salaries and wages of camp commanders, relief commissioners and minor employees is requested. Dr. Ward submitted a neat little total of \$42,000 for his force, but later reduced the sum to \$33,865. At this figure the money contributed for help of the homeless would be melting away at the approximate rate of \$100,000 every thirty days.

At the last report of the finance committee the collections had amounted to \$5,290,494.84. Claims paid and to be paid

amount to \$2,384,390.70. Uncollected contributions total \$4,083,490.43. The finance committee at its regular meeting yesterday afternoon received a report from Dr. Devine as to the estimates of his department and that of the Health Board. The committee was dumfounded at the enormous sum which was called for to defray only the expenses of the relief commission and the sanitary inspectors, without providing for a morsel of food or a stitch of clothing. Besides this sum the office force of the finance committee and special relief committee will have to be taken into consideration.

The finance committee, upon the suggestion of Dr. Devine, has decided to (Continued on Page Two).

Sues Oceanic Company

MAN WHO WAS ARRESTED FROM THE VENTURA ASKS FOR \$5,000 DAMAGES.

Thomas J. Ford, the employee of the Ventura who was released from jail on habeas corpus by Judge De Bolt last Tuesday, has brought suit for \$5,000 damages against the Oceanic Steamship Company, claiming that the company was responsible for his unlawful arrest and detention in jail here. His attorneys are George D. Gear and J. J. Dunne.

Ford's libel, filed in the federal court sets forth that he was arrested while the steamer was in port here on Thursday of last week and that she left without him, taking with her his clothes and other belongings, for which he claims \$100 in addition to the \$5,000. He says that his arrest was caused by the company and that it was wholly without proper cause or justification. Ford was held without any charge against him until Tuesday, when he gained liberty by habeas corpus.

Precinct Roll of The Ninth

TERRITORIAL COMMITTEE CALLED TO CONSIDER AN APPEAL FROM COUNTY COMMITTEE.

The executive committee of the Republican Territorial Central Committee was to have held a meeting at noon today, to consider the petition over the precinct club roll of the 9th precinct of the Fifth District, which is in the possession of Henry Vida, president of the Club, who declines to let go of it. Mahelona, secretary of the club, wants it, but Vida is apparently determined to hold on to it. The county committee decided that Vida must deliver it up, but he appealed, under the party rule, to the executive committee, and the meeting at noon today was called to consider his appeal. President Robertson and several others were present, but there was no quorum and nothing was done.

The fight over the roll is a peculiar one and throws a light on the work being done for the coming primary. Those whose names are on the roll are the ones who may vote at the Republican primary. Vida got possession of the roll accidentally, finding it in the possession, it is claimed, of a Hawaiian who was using it for the benefit of the Home Rulers. It was supposed to be in custody of Secretary Mahelona, and Vida came to the conclusion that Mahelona must have allowed the disloyal use of it.

Anyone who wants to vote at the primary must sign this roll, hence Mahelona's anxiety to get hold of it again, and Vida's determination that he shall not do so.

EDITORS SIGNING UP FOR TRIP.

Secretary Wood of the Hawaii Promotion Committee received word today that over 40 editors from Southern California had signed for the trip to the islands, and will start during the first week in September. The Editorial Association is doing considerable advertising already for the islands and Secretary Wood thinks that it is nothing to what will be published after the editors have been here.

HAWAIIAN FOR MURDER IN 'FRISCO

HAWAIIAN BELIEVED TO BE EDWARD JONES' BROTHER CHARGED WITH MURDERING A WOMAN

SAN FRANCISCO, June 24.—The body of Mrs. Elizabeth Brandrup, formerly Elizabeth McDonald, was found Friday evening under some rubbish in a vacant room in the Linden Hotel in South San Francisco. She had been gagged, strangled and beaten upon the head and had evidently been dead several hours when found at 8:15 o'clock. G. C. Jones, a Hawaiian, occupying the room adjoining that of the murdered woman, in which was found much incriminating evidence, and Harry Caplund, who had been seen in the woman's company, are under arrest. The woman was about 40 years of age and had four children, two daughters, aged respectively 17 and 18 years, and two sons, aged 12 and 8 years. These children were by her first husband, from whom she was divorced several years ago. She afterward married Brandrup, who deserted her about a year ago. She has since kept her family together by hard work, with the assistance of her oldest daughter, Lizzie, who was employed in the hotel where the body was found. She had recently engaged Attorney Harry E. Styles to bring suit for divorce.

Mrs. Brandrup called at the Linden Hotel about 9 o'clock on Friday morning and after talking with Mrs. Vandenberg, wife of the proprietor, for a while, she went on to the store of J. R. Luttrell where she bought some washing soda, a pair of black stockings and a little before 11 o'clock and that was the last seen of her until her

CARTER MAY PICK EXAMPLES

GOVERNMENT OFFICIALS PUT OUT BY GENERAL SEWER RATE DELINQUENCIES.

About two thousand citizens of Honolulu have failed or neglected to pay their sewer rates, and the attorney general's department is preparing to sue each one. The administration, from the governor down, is inclined to be "sore," to put it in slang term, over the unprecedented proportion of delinquencies in this particular matter. The bringing of two thousand suits is impracticable, as it is next to impossible to draw the necessary complaints.

Governor Carter suggested something in the way of a list of "horrible examples," though he used no such term. "If the list of two thousand, or whatever it is, is submitted to me," said the executive, "I will pick out say five prominent citizens to be sued, so that we may settle the matter. The government needs the money and we must collect it."

The total sum involved in the money suits that may be brought is about \$19,000. Some of it is for old delinquencies, which developed before the legislature passed an act authorizing the public works department to collect sewer rates. It is admitted that this part may not be legally collectible, but a test will be made, as those who used the sewers signed contracts agreeing to pay.

It is understood that there are numerous very prominent citizens on the list of delinquencies. Superintendent Holloway stated that he also was prepared to make a list of test cases, and if proceedings are forced he may select half a dozen names of the prominent ones as defendants in suits.

THE DAM EXPERT GOES TO WORK

H. CLAY KELLOGG, WHO IS TO REPORT ON THE NUUANU RESERVOIR AND DAM ARRIVED BY THE ALAMEDA THIS MORNING—WILL OPEN AN OFFICE AT ONCE AND IS READY TO HEAR ANY ONE WHO WANTS TO BE HEARD ON THE SUBJECT.

H. Clay Kellogg, the hydraulic engineer to whom the Superintendent of Public Works cabled to come to this place and make a thorough examination of the Nuuanu dam, arrived this morning on the S. S. Alameda and is at present stopping at the Alexander Young Hotel.

Mr. Kellogg is well known throughout Oahu as the engineer that built the Wahiawa dam and irrigation system. His home is in Santa Ana in Southern California. He has had twenty years of active service as a hydraulic engineer. During that time he has been active the entire time taking but one vacation.

Mr. Kellogg when seen at the Young Hotel this morning stated that he expected to be in Honolulu about two weeks, but he could not tell definitely as he did not know how long it would take to make a complete investigation of the work.

"I do not know exactly what I am expected to do as the cable did not state definitely. I only know that there is a dam here known as the Nuuanu dam, and I am to pass upon it as to its safety. The Superintendent of Public Works cabled me to come and I came."

"I do not intend to lose any time in going to work. I shall in all probability visit the dam this afternoon and see what is to be done."

Lon Agnew Not Dead

WROTE TO E. C. WINSTON THAT HE WAS ALIVE IN NEW ORLEANS.

Lon Agnew is not dead. Shortly after the San Francisco disaster it was stated that Lon Agnew, the erstwhile prize fighter and non-descript, had been fatally shot in San Francisco by a Federal official during an altercation. Although Agnew was well known here there were few found to mourn him.

But later information from the mainland is to the effect that Agnew is still alive and well. He wrote to E. C. Winston stating that he was in New Orleans and asking Winston to notify friends of his being alive. Agnew must have known of the fact that his death had been reported, for he asked Winston to notify his friends that he was alive and well.

The news caused considerable interest today.

ENTERPRISE HERE AFTER REFINED SUGAR

ARRIVED THIS MORNING FROM SAN FRANCISCO VIA HILO AFTER AN UNEVENTFUL TRIP.

With a large crowd of passengers from Hilo the S. S. Enterprise arrived this morning from the Big Island and San Francisco. She brought cargo for this port, including some feed and about 7 horses. Among the passengers who arrived were a number of Catholic brothers who have been on Hawaii.

Mrs. Percy Benson who has been visiting on Hawaii returned, accompanied by Miss Norman. The Enterprise is to load 1,500 tons of refined sugar at this port and depart for Hilo next Monday afternoon. She will take a good sized crowd of passengers from Honolulu to that port. Among them will be A. Hocking and family, Frank Hustace and family and Mr. Woon.

The ship Astral sailed from Yokohama today for Honolulu.
